Year Warranty

We proudly cover any faults that impact the normal use of your collars, ensuring they remain reliable and functional. Our warranty gives you peace of mind, knowing your Nofence product is backed by our commitment to quality and performance.

Prices are subject to change.

Additional Accessories

SHEEP AND GOAT
Collar Charger

Reliable charging for when solar isn't sufficient. Plugs into a standard outlet and charges a battery in around 10 hours.

\$39

SHEEP AND GOAT
Neck Strap

Sheep / Goat Rubber strap (6.2") Secures and adjusts chains around the neck for optimal fit. Compatible with all Sheep / Goat chain lengths.

\$20

SHEEP AND GOAT
Extra Battery

Rechargeable lithium-ion battery, compatible with all sheep and goat collar models.

\$49

SHEEP AND GOAT
Extra Long Chain

Pair of steel chains (9") with a swivel link. Recommended for large-sized breeds.

\$10

Do you have a shelter?

\$22

Beacon

A beacon is a Bluetooth device that turns off the fence function in the collar. The device is used inside buildings to prevent the animals from receiving sound alerts or electrical pulses when they are inside the shelter.
